 Washington, D. C. 20505

Dear Admiral Inman:

Thank you for your participation in our hearings on the "Impact of National Security Considerations on Science and Technology" on March 29, 1982. We very much valued your contribution. The process of decision-making here is a complicated one, but the opinions of experts such as yourself are carefully considered and important in our evaluations. We are all grateful for the time and effort you took from what we are sure is a busy schedule. The hearing record will be a valuable document as an official Committee Print, and we will make sure you receive one.

Attached is a copy of the statement of your remarks. This transcript should be corrected and returned to us as soon as possible. We would also appreciate receiving the unclassified summary of Soviet efforts to obtain Western technology which you agreed to provide for the record. As you know, Congressman Brown also requested that the Administration witnesses review the testimony of the public witnesses and provide written comments for the record. We are enclosing a copy of the testimony of the public witnesses for your information. We would appreciate receiving these additional materials for the record no later than May 14.

Again, thank you for your testimony.

Sincerely,

DOUG WALGREN, Chairman
 Subcommittee on Science,
 Research and Technology
